

***“Blanca Rubio understands our families
and our community”*** – Rosa Lopez

Teacher, Community Leader, Mom

Serving our community, Blanca Rubio is fighting to help families keep kids on the right track:

- ✓ Keeping kids in school and raising the graduation rate
- ✓ Protecting afterschool programs
- ✓ Adding computers to the classroom
- ✓ Expanding access to health care

Blanca Will Fight for Our Community and Our Families

Blanca Rubio's parents brought their family from Mexico to find a better life for their kids.

Blanca's public service is motivated by the same goals: to help parents give their kids a better life. As the mother of a young daughter — she knows how important good role models are.

Our district doesn't have enough strong women representing us in state office — and Blanca's committed to helping change that.
