## Standing Up for Our Kids and Our Future

Paid for by Blanca Rubio for Assembly 2016

As a teacher and a mom, Blanca saw firsthand how bad decisions from politicians in Sacramento were hurting local schools.

That's why she ran for school board – where she has kept class sizes small, improved test scores, and increased the graduation rate to an all-time high.

### Blanca Rubio Puts Our Families First

Lobbyists and special interests have too much influence in Sacramento. Blanca is a strong advocate for our community, she will stand up to the special interests and put our families first.

Instead of more tax cuts for the wealthy, Rubio will:

- ✓ **Fight to increase the minimum wage**
- ✓ **Make college more affordable for students**
- ✓ **Ensure that middle class families have access to good jobs**
